

Ms. Gambino's VoiceThread blog:
<http://gofilmgo.com/gambino/>

Registration:

Make sure your group member logs onto Voicethread. The website is: www.voicethread.com

At the top right-hand side there will be a button which says "*Sign in/Register*" Make sure your group leader registers using their e-mail address. Choose a password as a group so everyone can log in using your group leader's e-mail address and password.

Once you have registered you can sign-in anytime!

***Creating your Voicethread:**

Once you are signed in all you have to do is click the button that says "*Create.*" To upload your saved pictures click the "*upload*" button. This feature allows you to upload from saved images. You can rearrange the ordering of your pictures anyway you like!

***Recording:**

Now that you have completed your script and revised your narratives your group is ready to record! Make sure you talk to me first before you begin recording. To record your portion of the script, click the tab which says "*my voice*" and name your voicethread. Click on the newly named voicethread and click on "*comments.*" Here you can type a comment and/or record a comment. There is a record button at the bottom of each enlarged photo which will allow you to record your voice.

***Save your voiceover make sure you click "save"**

If you want to nix that voiceover & try again, just click cancel and record again!

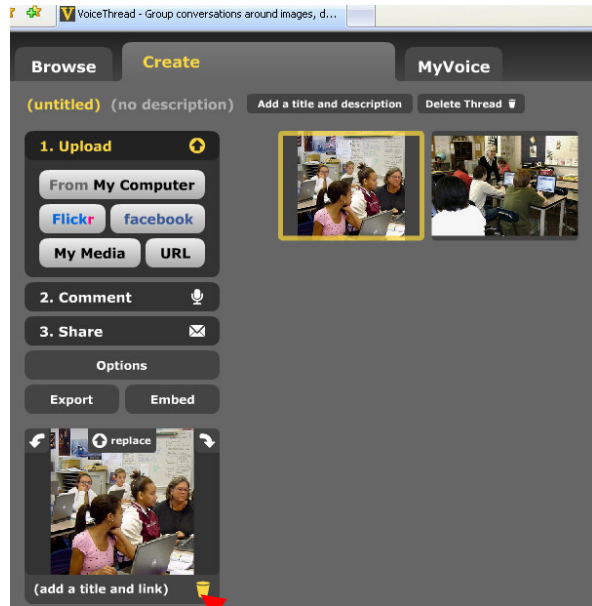

***Reviewing your Voicethread:**

To review your entire thread. click play on your first slide.

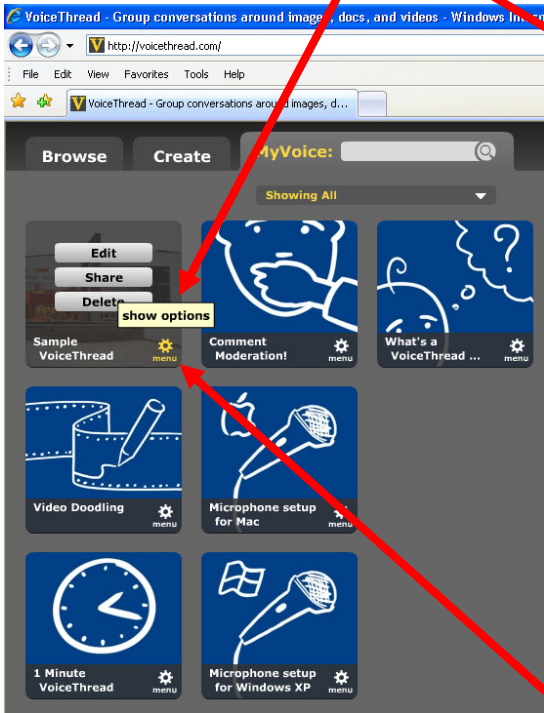

View a student sample voicethread:
